National Terrorism Advisory System Current Alerts

SITUATION SUMMARY

CDPH Ebola Situational Update, August 15, 2014

At present, the weekly situational assessment for the risk of Ebola infection in California is VERY LOW.

- As of August 13, the U.S. Centers for Disease Control and Prevention has reported a cumulative total of 1975 suspect and confirmed cases and 1069 deaths.
- CDC has advised travelers to avoid all non-essential travel to Guinea, Sierra Leone, and Liberia, and has issued a lower level alert for Nigeria.
- Both CDC and the California Department of Public Health (CDPH) have begun efforts to prepare for the unlikely event that a returning traveler from these countries is infected with Ebola virus.
- CDPH has created an internal workgroup to address all public health aspects of the Ebola response.
- CDPH continues to work with the health care community and local health jurisdictions to identify potential suspect cases and avoid the spread of the disease.
- On August 12, CDPH conducted two statewide calls with local jurisdictions and local public health laboratories to review the current EVD situation and CDC guidance for identifying and managing cases with suspect Ebola virus infection that may arrive in California.
- To date neither CDPH nor any local health jurisdictions have received reports of any suspect cases of Ebola in California.

Boil Water Order , Escondido, San Diego County (Update)

- The boil order was lifted for most of the customers last night, 08/17/14,. The only customers still on the boil order are residential customers located on Caraway Street (south of Country Club Lane), Jana Place, Sonia Place, Via Alexandra, and Via Scott. This comprises approximately 60 residential connections. Rincon del Diablo Water District is still identifying the cause of the coliform bacteria but it has been isolated to a very specific area.

Background:

The Rincon del Diablo Water District issued a Boil Water Notice on Friday at 4 PM, as a safety precaution. The Notice covers part of the City of Escondido and nearby unincorporated areas due to the presence of coliform bacteria found in routine testing. This is a water quality issue that is not related to the drought. There are no unmet needs or known Access and Functional Needs issues per the San Diego County OES Duty Officer. Notifications of the Boil Water Notice were done by the Water District via a Reverse 9-1-1 type system, web announcements and a press release was issued. San Diego County OES also posted the Boil Water Notice on the San Diego County Emergency website and mobile application. Additional testing is being conducted and the earliest the Boil Water Notice may be lifted is Sunday evening. The Water District is also investigating the situation. The Division of Drinking Water states this is routine work and their district office is working with their partners. This incident has attracted media attention.

The Boil Water Notice includes Palomar Medical Center. The Regional Disaster Medical Health Specialist (RDMHS) for Region VI is in contact with the hospital and issues medical situation reports every twelve hours. The hospital is using canned and bottled water, paper plates and disposal cups as a precaution. Testing continues but the RDMHS VI advises Saturday's testing was negative for coliform bacteria.

SITUATION SUMMARY

Governor Brown Declares State of Emergency for Northern California Wildfires

On 08/02/14, Governor Brown issued an emergency proclamation for the state of California due to the effects of wildfires in El Dorado, Amador, Butte, Humboldt, Lassen, Madera, Mariposa, Mendocino, Modoc, Shasta, and Siskiyou counties that have burned thousands of acres, destroyed homes and other structures and damaged critical infrastructure.

Cal OES Activations Due to Wildfires

- Cal OES Fire EOC is activated in support of statewide fires.
- The Inland REOC is activated at Level 2, Monday – Friday, 0800-1700 hours.
- The SOC is activated at Level 1

State Agency Activations Due to Wildfires

- The California Department of Public Health (CDPH) Medical Health Coordination Center (MHCC) activated at Duty Officer status.

Inland Region

Inland Region is coordinating with Recovery staff and Counties of Modoc, Lassen, Shasta and Siskiyou to enter Initial Damage Estimate information into Cal EOC. Recovery Staff will arrive in Northern CA (Modoc) on Tuesday August 19 to begin working directly with local government and Inland Region Staff on IDE data. Tentative dates for FMAG briefings are August 27 & August 28

Cal OES / CNG Mission Tasking for Additional Firefighting Capabilities

Cal OES has Mission Tasked the California National Guard for additional Firefighting capabilities; current status:

2014-FIRE-4427

- 1 Type-1 Medivac Helicopter with hoist capability

2014-FIRE-4466

- 240 Personnel to be trained for fireline Hand Crew assignments.
- 4 personnel to support each Hand Crew.
- Today, 08/18/14, is the last day on the fireline for handcrews. They are to be deactivated at 0800 hours, 08/19/14.

2014-FIRE-4773, EMAC Request #774-RR-3432

New Mexico Type I fixed wing RC26 aircraft with infrared flight for imagery recording of fires. The Aircraft will be assigned to perform imagery of the areas in real time coverage in the counties of El Dorado, Placer, Nevada, Yuba, Sierra, Butte, Plumas, Tehama, Shasta, Lassen, Trinity, Modoc Humboldt, Del Norte, and Mendocino. 8/15/14: REQ-A completed

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

SITUATION SUMMARY

California Department of Social Services (CDSS)– Disaster Services Section

- There are currently no shelters open in California and no overnight populations to report.
- There are currently no Community Care Licensing Facilities impacted. CDSS will continue to monitor the situation.

NORTHERN CALIFORNIA FIRES

Eiler, Vegetation Fire, Shasta County (No Change)

12 miles southeast of Burney in the Hat Creek area

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of [08/18/14 at 0615 hours](#):

SRA and FRA

- 32,416 acres timber, 97% contained
- Unified Command Type 1 IMT CAL FIRE and USFS
- Expected Containment: 08/20/2014
- Threatened Structures: None
- Destroyed Structures: 7 Single Residences, 2 Commercial Properties and 12 Other Minor Structures
- Also destroyed, four (4) vehicles and one (1) historic post office.
- The approved FMAG number is FEMA-5067-FM-CA. The agreed upon incident period for the Eiler FMAG is August 2 through (Midnight) August 16, 2014.
- [See Fire Activity Section for detailed information.](#)

SITUATION SUMMARY

NORTHERN CALIFORNIA FIRES

Happy Camp Complex, Vegetation Fire, Siskiyou County (Update)

Happy Camp District, Klamath National Forest

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of 08/18/14 at 0609 hours.

FRA

- 5,899 acres, 10% contained
- Type 2 IC assigned
- Approximately 40 fires in the Complex
- Threatened Structures: 600 Single Residences, 2 Nonresidential Commercial Properties
- Per CUEA, no threat to communication infrastructure or power lines
- Commitment of CAL FIRE air resources
- [See Fire Activity Section for detailed information.](#)

July Complex, Siskiyou County (Update)

4 miles southeast of Sawyers Bar

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of 08/18/14 at 0549 hours:

FRA

- 29,717 acres, 18% contained
- Federal Type 1 IMT is in command
- Expected Containment: 08/30/2014
- Threatened Structures: 140 Single Residences, 6 Nonresidential Commercial, 71 Other Minor Structures
- Destroyed Structures: 0 Single Residences, 2 Other Minor Structures
- The primary strategy is for direct and indirect line construction on the Whites Fire. Indirect lines will be reflected in actual containment percentage reported when the fire reaches these indirect lines. Structure protection plans have been completed for all threatened values. The terrain is remote, very steep and results in limited ability for resources to access the fire. Management action points for evacuations have been identified.
- An FMAG was submitted on 08/11/14 and placed on hold
- [See Fire Activity Section for detailed information.](#)

SITUATION SUMMARY

NORTHERN CALIFORNIA FIRES

KNF Beaver Incident, Siskiyou County (Update)

Klamath River, Beaver Creek

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of 08/18/14 at 0509 hours:

FRA

- 32,307 acres, 85% contained
- Type 2 IMT is in command
- Threatened Structures: None
- Destroyed Structures: 3 Other Minor Structures
- A Fire Management Assistance Grant (FMAG) was received and has been placed on hold.
- [See Fire Activity Section for detailed information.](#)

Lodge Complex, Vegetation Fire, Mendocino County (Change)

BLM Elkhorn Wilderness, 5 miles north of Branscomb

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of 08/18/14 at 0541 hours:

SRA

- 12,346 acres, 85% contained

SITUATION SUMMARY

City of Needles Severe Weather Incident, San Bernardino County (No Change)

Situation

On Tuesday, August 12, 2014 at approximately 1630 hours a severe thunderstorm settled over the City of Needles causing flooding and wind damage. The City of Needles reported a minimum of 50 downed power lines, damage to roofs, and multiple downed trees. A determination has yet to be made if this incident may be linked to the August Severe Weather Incident.

- A local proclamation was received August 14, 2014 from the City of Needles for heavy rain, flooding and adverse weather conditions. The Proclamation is requesting a Governor's Proclamation including CDAA, a Small Business Administration declaration and any State or Federal funding. Initial damage estimates continue.
- Initial Damage Information has been received for the City of Needles. Crews are still out and the damage information may change. Current Public Assistance damage is just over \$2.3 million including personnel overtime costs and estimated costs of Debris Removal (Category A), Road and Bridge Systems (Category C) and Public Utilities (Category F). Individual Assistance damage includes 15 homes and one business destroyed, and 250 homes affected.

Road Closures

- Pahaska Trail from Rio Vista Drive to North to Lakota Court in the area of Big River, no anticipated time for reopening.
- Five Mile Station Road from I-40 west to Highway 95 in the area of Needles, no anticipated time for reopening.

Port of Oakland Protest (Update)

Cal OES Law Enforcement Branch reports that there were no requests from Oakland Police Department yesterday, 08/17/14, and that the shipped docked with no issues.

SITUATION SUMMARY

Hurricane-Tropical Storm, Hawaii, Pacific Ocean (Update)

Current Situation:

Tropical Cyclones Iselle and Julio have dissipated. Hawaii Emergency Management Agency and Hawaii Civil Defense Agency are conducting response and recovery operations on the Big Island. No tropical cyclones are expected through Monday morning.

Currently, an estimated 2,000 customers remain without power. Three members of the EMAC Team currently moved to the County of Hawaii to assist in EOC, PDA, and DARC Operations and scheduled to return to Honolulu Monday, 18 August 2014. California Team is scheduled to stay through August 22, 2014.

Activations:

Hawaii County: EOC activated; 1 shelter open

State: State EOC is Partially Activated

EMAC Deployment

2014-SOC-4699 Deployment of A Team Type I Staff

- (2) OES staff and (1) CNG departed 8/8/2014, expected to return, 08/22/14.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

ACTIVE WEATHER WARNINGS, WATCHES and ADVISORIES: http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

An approaching upper level low will pass over northwest California today and will bring a threat of showers and thunderstorms to parts of the interior into Tuesday. Otherwise, seasonal temperatures will persist for the next few days with low clouds along the coast each night and morning.

San Francisco Weather:

An upper level low pressure system will move from north to south across the San Francisco Bay Area and North Central Coast from late Monday through early Tuesday. This will result in cooler than normal temperatures across most of the forecast area through midweek. Night and morning low clouds will persist along with patchy drizzle near the coast through Tuesday. Modest warming is forecast late in the week.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

Temperatures will cool to around normal this week as a weak low pressure system drops southward off the coast of California. The mountains may see a few thunderstorms the next couple of days, otherwise dry weather will continue.

Hanford Weather:

An upper level trough of low pressure will move down the California coast and bring a cooling trend through Tuesday, then little change in temperatures will occur for the remainder of the week.

WEATHER

WEATHER SYNOPSIS BY REGION:

SOUTHERN CALIFORNIA:

Los Angeles Weather:

An approaching trough of low pressure will increase onshore flow, deepen the marine layer, and bring a cooling trend through Thursday. It is possible that subtropical moisture could move north for late week bringing humid conditions and a chance of showers.

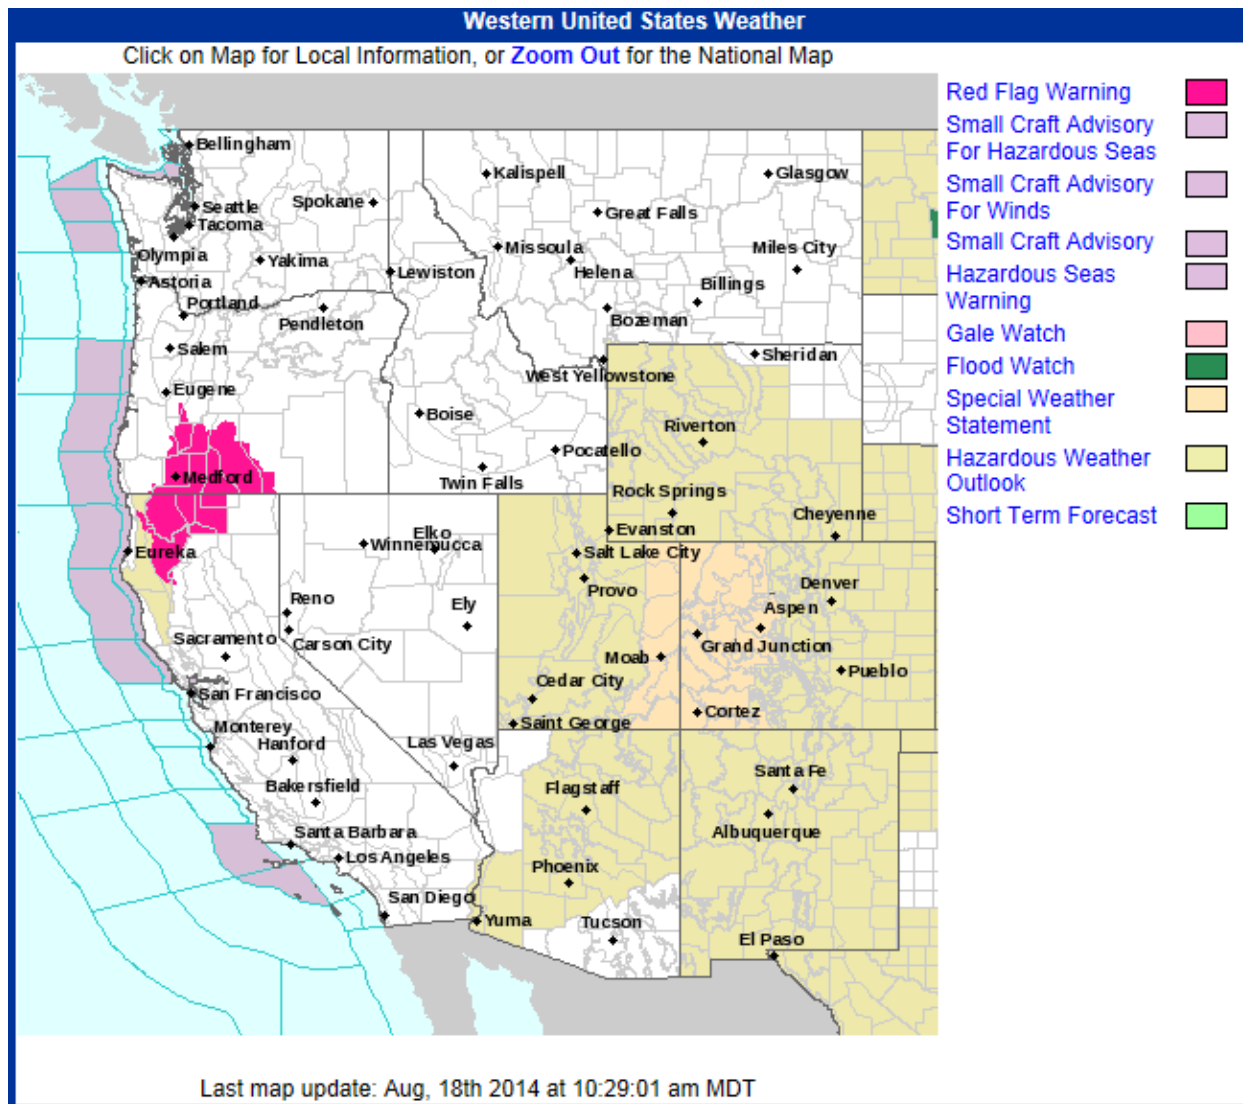

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

An increase in lower level moisture from thunderstorm outflow will bring a slight chance of thunderstorms this afternoon for the San Diego County Mountains and Deserts and the Riverside County Mountains. A low pressure system along the Pacific Northwest Coast will move southward along the West Coast, moving into Southern California Tuesday night, then stalling near Southern California through Friday. This will bring cooling and deepening of the marine layer. This may draw tropical moisture northward into the area bringing a slight chance of showers and thunderstorms as early as Tuesday night and continuing at times into Friday.

Southeast California Weather:

An early season Pacific low pressure system will approach the area today and will draw even more monsoon moisture northward back into the forecast area. With the increase in humidity and clouds, below normal temperatures are possible by Tuesday and will likely continue through the remainder of the workweek.

CAL OES ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is Monday – Friday, 0800-1700 hours.

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

- Current Reservoir Levels continue to decline. Levels as of August 14th: Don Pedro 42%; Exchequer 18%; Folsom Lake 40%; Lake Oroville 33%; Millerton Lake 48%; New Melones 25%; Pine Flat 12%; San Luis 20%; Lake Shasta 32%; Trinity Lake 32%; Pyramid Lake 94%; and Castaic Lake 45%.

- Emergency Drinking Water Procurement and Distribution Planning Guidance (rev. May 2014)

Significant changes have occurred to the structure of California's state government organization. Rapid advances in systems, science, and technology have helped emergency managers improve coordination, forecasting, and situational awareness. Because of these changes, the *Multi-Agency Emergency Response Procedures for Potable Water Procurement & Distribution* document has been replaced by the *Emergency Drinking Water Procurement and Distribution Planning Guidance*. The intent of this guidance document is to clarify the roles and responsibilities of the stakeholders involved in locating, procuring, and delivery of emergency drinking water¹ to populations in California. Consequently creating a framework for agencies and organizations to work together to enhance preparedness.

- State Board Mandatory Conservation Regulations Now in Effect: The state's first-ever emergency regulations mandating urban water conservation became effective will be in effect until April 25, 2015.

http://www.waterboards.ca.gov/waterrights/water_issues/programs/drought/emergency_regulations_waterconservation.shtml

- The 2014 Governor Drought Task Force continues to meet regularly to take actions that conserve water and coordinate state response to the drought.

- Cal OES continues to gather drought-related costs from state agencies and local governments.

CAL OES EXERCISES

Oroville Dam Emergency Action Plan Exercise, Butte County (No Change)

- August 27th, Oroville Dam Emergency Action Plan Exercise – Cal OES Inland Region Staff and Cal OES T-Comm Staff will participate in this functional exercise.
- An MRT has been created to provide a MIGU for communications during the Exercise.
- The Warning Center and Region may receive notifications as a result of this Exercise on August 27th.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
